

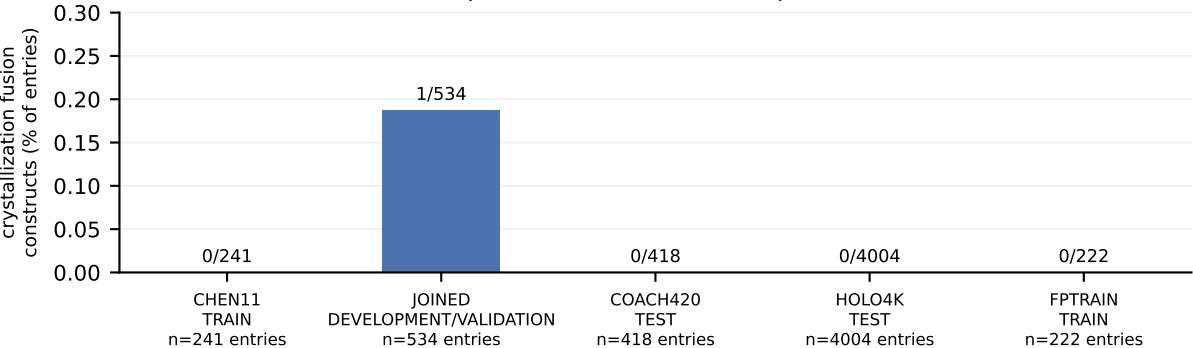

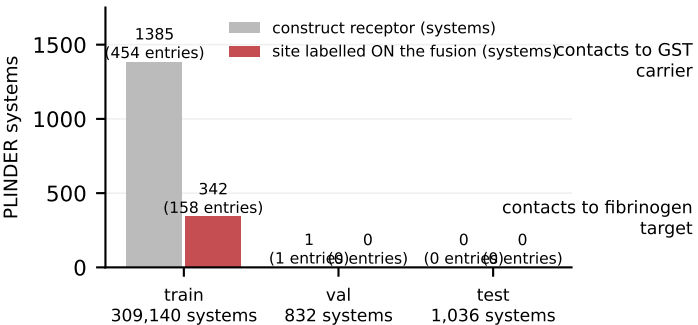

Figure 6 Dataset provenance audit (secondary analysis)

A Datasets that trained, developed and tested P2Rank and fpocket

B PLINDER 2024-06/v2, by split (system and unique-entry counts both shown)

C 1DUG, the one construct in a P2Rank-related set (JOINED / DT198, development). P2Rank recovers the labelled site at rank 1 with a 100% carrier pocket.
